TECHNICAL SKILLS

JavaScript | TypeScript | ReactJS | NextJS | NodeJS | Redux | React Query | Express | HTML 5 |
CSS 3 | Material Ui | Tailwind CSS | Prisma | REST APIs | SQL | GIT | ESLint | Prettier | NPM |
MongoDB | RTK query | RTK query | Bootstrap.

PROJECTS

IncomeExpense Tracker

Designed and developed an income-expense tracker application using Next.js, React, TypeScript, and Material-UI, with PostgreSQL as the backend database. The application enables users to efficiently manage transactions by creating, updating, and deleting entries. Implemented authentication features, allowing users to log in via Google ID or username/password for secure access. Delivered a seamless user experience with intuitive interfaces and comprehensive functionality.
Technologies Used : Next js | Typescript | Javascript | React | Node js | Material Ui | Git | Clerk | JSON | VSCode .

Text-to-Speech

Developed a modern Text-to-Speech (TTS) system using Microsoft Azure's TTS service, integrated with Next.js, React, TypeScript, and Tailwind CSS. Users can effortlessly convert text to speech and download audio files for offline use. You can view this deployed project **here** and you can also see other projects in my **portfolio**.
Technologies Used : Javascript | Typescript | Next js | React | Node js | Tailwind css | Git | Microsoft Azure | JSON | VSCode.

Qr-Code Generator

Created a QR code generator using HTML, CSS, and JavaScript, enabling users to generate, share, and download QR codes effortlessly.
Technologies Used : Html | Css | Javascript | Git | VSCode.

WORK EXPERIENCE

09/2024 – Current

Associate Engineer
by Rizzle Ai, Hyderabad, India.
As an Engineer at Rizzle, I am actively involved in developing Rizzle AI, a startup product. My responsibilities include utilizing Next.js, React, and TypeScript to build dynamic and responsive web applications. I translate Figma designs into functional and visually appealing code using CSS and Chakra UI, working closely with a talented team to ensure seamless integration and delivery of high-quality features.

06/2024 –09/2024	**Trainee Engineer**
	by Rizzle Ai, Hyderabad, India.
	As a Trainee Engineer at Rizzle, I am actively involved in developing Rizzle AI, a startup product. My responsibilities include utilizing Next.js, React, and TypeScript to build dynamic and responsive web applications. I translate Figma designs into functional and visually appealing code using CSS and Chakra UI, working closely with a talented team to ensure seamless integration and delivery of high-quality features. This role has honed my skills in modern web technologies and collaborative development, preparing me for a successful career in software engineering.
05/2023 –07/2023	**Web Design and Development Intern**
	by Knowledge Discovery Solutions, Hyderabad, India.
	During my Internship in Web Design and Development at Knowledge Discovery Solutions I gained hands-on experience in HTML, CSS and JavaScript. Under supervision, I contributed to designing and developing user-friendly applications,demonstrating diligence and responsibility Received positive feedback on my performance, showcasing commitment to learning and improving in web development.
	Technologies Used : Html	Css	Javascript	NodeJs	Express	React Material	Git	VSCode	JSON.

EDUCATION

08/2021 – present	Bachelor of Engineering (B.E) in Computer Science Engineering, Osmania University, Hyderabad, India.
06/2018 – 06/2021	Diploma in Computer Science Engineering, State Board of Technical Education and training.
